

## Zen Zone Hot Stone Massage

60 minutes: \$65; 90 minutes: \$105

penetrating heat from smooth oiled and warmed stones is used to relieve tense muscles and sore joints. Combined with Swedish techniques, this creates an unforgettable, thoroughly relaxing experience

Stone Massage employs heated stones to massage tired muscles. It feels great and is a wonderful way to apply a deep, penetrating heat to one's tissues. Tension just seems to melt away. There is no better way to warm up from the chills of the coming seasons. One hour and 20 minutes (block off 1 ½ hr.).
